

The M&A Advisor - Symposium Session Alliance Program

In 2012, we introduced the Symposium Session Alliance Program to partner together with leading firms in the M&A, restructuring and financing industry to present and publish meaningful and rewarding “thought leadership,” based on the insights and expertise of industry leaders.

In addition to publishing the Best Practices of The Best Dealmakers book, over the past 18 months we have published more than 20 multi-media Market Monitors, Symposium Reports and Case Studies and distributed them to hundreds of thousands of M&A, restructuring and financing professionals in the United States and around the world.

As a leader in our industry, we are welcoming a few select firms to join us in the expansion of this valuable program which will continue to inform about the most important issues, intelligence and best practices, through the voices of industry experts, the business media and our M&A Advisor constituency – now the world’s largest and most influential network of M&A, restructuring and financing professionals.

On June 24, we will be hosting the exclusive 2nd Annual Emerging Leaders Summit for the 5th Annual 40 Under 40 Awards winners, their mentors, M&A Advisor Hall of Fame members, and other notable leaders for a half day forum in advance of the annual 40 Under 40 Awards Gala.

Selected Symposium Session Alliance partners will sponsor a Symposium Session onsite at the Summit and with the option to publish a Symposium Report that we will issue after this Summit. This program provides a valuable opportunity for your firm to be featured live onstage to demonstrate expertise to this influential audience and also to be promoted to the industry at large through the publishing and broad distribution of the report.
